Fine Arts New Teacher Cohort Registration

New fine arts teachers will learn the nuts and bolts of teaching in Ohio from expert teachers and educational partners. Join colleagues from across the state virtually in these supportive cohorts that will assist new teachers in navigating a successful year of teaching. Topics will include standards-driven lesson planning, innovative practices, advocacy, program development and more.

All meetings will be held virtually the second Tuesday of the month from 4:30-6 p.m. (Sept. - April). Contact hours will be given upon completion of the cohort.

ROTATING ELEMENTARY CHILDREN'S ART EXHIBITION

The Rotating Elementary Children's Art Exhibition was created to display two-and three-dimensional elementary children's artwork in a gallery setting. Each elementary school in Tri-County is invited to exhibit one month at Tri-County ESC. The exhibit then rotates to the School Hallway Gallery at Wayne Center for the Arts for a second month of exhibition. Each month one student artist is selected to receive the Fine Arts Consultant's Award. The student's artwork is professionally matted and framed to become part of a permanent collection of children's artwork. This permanent art collection rotates throughout businesses and organizations in our community for the public to enjoy. See schedule below.

SEPTEMBER 10 - 16, 2023

Passed by Congress in 2010, House Resolution 275 designates the week beginning with the second Sunday in September as National Arts in Education Week. During this week, the field of arts education joins together in communities across the country to tell the story of the impact of the transformative power of the arts in education.

Smithsonian American Art Museum

Date: September 7, 2023 (recording below)

Time: 4:00- 5:00 PM

Have you ever heard of, or used, the Smithsonian American Art Museum's diverse education resources? Join this fast-paced presentation for an orientation to SAAM's wide-range of live programs and printed resources tied to the National Core Art Standards and National Curriculum Standards for History/Social Studies/ELA. Plus! how to find primary resources to start digital collections using the Smithsonian's Learning Lab. All these resources are free!

As you explore artworks, artists, and the creative process, you'll expand your repertoire of how to tell America's stories through arts-interdisciplinary activities that you can immediately use in your K-12 classrooms. Lesson examples will include using art and art strategies to teach visual art, history/social studies, theatre, and music. The PPT being used for the presentation will be shared with you, so you can adapt its tools for your curricula.

Founded in 1974, the Ohio Alliance for Arts Education (OAAE) has evolved overtime into a nationally recognized leader in arts education. Much of the organization's success is based on a strong partnership among the Alliance, Ohio's professional arts education organizations (Ohio Music Education Association, Ohio Art Education Association, OhioDance, Art Possible, and the Ohio Educational Theatre Association), the Ohio Arts Council, and Ohio Department of Education. Working at the local, state, and federal levels, our primary areas of focus include building collaborations, professional development, advocacy, and capacity building to keep arts education in Ohio strong!
